

Aluminum Cable Clamps

Southwire is proud to introduce its own line of High Voltage Cable Clamps. Made of anodized aluminum, these clamps can accommodate cables diameters ranging from 3 -5 inches. Every set includes the requisite parts (nuts, bolts and washers) for secure mounting and can be equipped with compression springs to accommodate various sheathing options.

Cable Diameter	Part Number
3" – 4" (76mm – 101mm)	SWHV – 809 Size 1
4" – 5" (101mm – 127mm)	SWHV – 809 Size 2
3" – 4" (76mm – 101mm)	SWHV – 809S Size 1 (w/ springs)
4" – 5" (101mm – 127mm)	SWHV – 809S Size 2 (w/ springs)
