# Southwire's NOM-ANCE Certified Products

## Approved for Sale in Mexico

Southwire Company, LLC has multiple NOM-ANCE Certifications for our Residential/Commercial, OEM, Factory Automation, and Industrial products. The Standardization and Certification Association (ANCE) is part of Bureau Veritas Company, that provides product certification in support of the electric power sector.

To receive an ANCE certification, wire and cable products must comply with Mexican standards (NMX) and Mexican official standards (NOM), regulations, and guidelines.

The following products can be imported into Mexico through Southwire legal entity in Mexico (SM Ventas de Mexico, S. de R.L. de C.V) or an authorized distributor having the extension of Southwire's certification.
