Southwire™

LED PORTABLE FOLDING WING LIGHT

Southwire's 80 Watt LED Portable Folding Wing Lights provides illumination where you need it most. The 3-panel design has rotating wings for 360˚ directional lighting. 180˚ tilt provides illumination on various levels. Reinforced hinges allow for full rotation forward and backward. The very low heat output is ideal for tight work areas. An impact resistant design, including polycarbonate lenses, lends to durability in harsh environments.

UNIQUE FOLDING LIGHT PANEL PROVIDES 180˚ - 360˚ OF LIGHT
